1. The finality of the last office action is withdrawn in view of the following new grounds of rejection.

2. Claims 62-68 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A. The instant claims recite "compound (C)" in step a2). It is unclear what compound (C) is required to be because it is not specified in the claims. The claims therefore do not particularly point out and distinctly claim the subject matter which applicant regards as the invention.
